WE OFFER A SOLUTION FOR EVERY DEMAND

Gilan Glass Industries participates in different fields of glass market. Production of facade glasses, double and multi-glazed, decorative, tinted, anti-disturbance and bulletproof glasses, as well as manufacturing of safety, laminated, curved and other processed glasses are a few example of our work. Production of automotive glasses, which currently support almost 70% of the domestically produced vehicles, is our main focus. Our other fields of work are bulletproof glasses with a very low thickness acquiring the latest technologies in the world. Various industrial glasses such as: public transportation, safety, ATMs, entrance and exit doors, sanitary services are among our products.

PRODUCTION OF MORE THAN
5,000,000 SQUARE METERS OF
GLASS PER YEAR
